Southern Marine Construction
6875 NE 3rd Avenue
Miami, FL 33138

Dear Robert:

This letter is written to express our gratitude for the superior construction and top quality workmanship of the docks you built and installed at our waterfront location – TNT Marine Center, located at 1940 NE 135 Street, North Miami, Florida 33181. The quality and durability of them far exceeded our expectations. In addition, you are to be commended for the seamless, hassle-free process of this entire project. Southern Marine Construction is one of the few contractors we have dealt with over the past 20 years that “do as you say!” Your prices have remained fair and considering the quality of the work, we feel fortunate to have develop a business relationship.

Thank you once again for a “job well done!”

Sincerely,

John and Mike
